Yoemen Dumped By Gatesville; Clash With Taylor Ducks Here Friday

The Cameron Yoemen took their second licking from a District 22-AA powerhouse last night, by being clobbered, 34-6 by the Gatesville Hornets on the Hornet's home ground.

This was the last non-district game for the Yoemen before conference play starts next Friday.

The Hornets started out fast, and kept up the pace during the game, showing their home fans their terrific power.

The Gatesville eleven covered the Yoemen passing attack and kept to the ground themselves by roaring out 378 net yards rushing.

Gatesville started their scoring in the first quarter when the Hornet halfback, Norris Sexton, romped 63 yards to the Yoemen nine on an off tackle play. Sexton carried the ball to the Yoe three, and then crossed the double stripe for the first touchdown. Quarterback Bobby Jones converted.

It was the Hornets again later in the same quarter with Jones keeping the ball on a quarterback keep play through tackle. After a bad pitch from center on the conversion try, Jones grabbed it and ran over, making it 14-0.

Gatesville roared to another TD before the half ended, with Jones scoring on a 24-yard end sweep. Jones again coverted the extra point, and Gatesville was ahead 21-0.

Gatesville came back in the second half with Jones again scampering 72 yards for a TD after he faded to pass and couldn't find a connection. His point was good, making it 28-0.

The Hornet's next touchdown drive started on the Hornet's six-yard line. It was on the six that the Hornets earlier stopped a serious Yoemen scoring threat.

Gatesville took over with Sexton galloping 42, 47, and then 2 yards to the Yoemen three-yard line. He scored the tally on the next play with Jones' kick for the extra point being blocked by the Yoemen.

Cameron's lone tally came in the last quarter with a brilliant run by Jimmy Rettig, Yoemen halfback. Rettig skirted his left end, reversed his field and didn't stop until he crossed the Hornet goal line 61 yards later.

Tackle George Absmaider stood out in the Yoemen defense. Tackle J. C. Payne and End Dean Meeks were the top plugs in the Hornet defense.

The Cameron Yoemen are getting ready this week for their first District 23-AA game of the 1953 season Friday night against old rivals, the Taylor Ducks.

Workouts have been hard and fast on the Yoe field this week, as Coach Jackson and Coach Young are getting the team shaped up for this first important battle of the season. Injuries have split up the team for the past few weeks, but the Yoemen will be in top shape come Friday night.

The Taylor Ducks have had bad luck all year, and haven't won a game, but the Ducks are priming for this first district game, and anything can happen. One thing for sure they'll be coming to Cameron in full force Friday night.

The ticket sale has been moving fast this week. Reserve seat tickets are still available at $1 each and can be obtained at the high school. General admission and student tickets are being sold by the students.

The probable starting lineup for the Yoemen will be: Charles Eanes, left end; Jimmy Hauk, left tackle; Billy Angell, left guard; Tom Collins, center; Johnny Green, right end; James Posey, right tackle; Junior Zotz, right guard; Arnold Warren, quarterback; Jimmy Rettig, left halfback; Joe Heitmann and W. K. Leonard, alternating at right halfback and Leon Beale, fullback.

The Taylor probable starting lineup was not available. Coaching the Ducks are Ross Baldwin and Richard Sherley.

Three Milam Men Leave For Induction Monday, October 19

Three Milam men left on October 19 for induction in the armed services.

Those leaving include Bernice Rhem of Rockdale; Walter Williams, of Milano and James Robinson of Cameron.

The four men reported to the Love Field, Dallas Induction Station.

The most dramatic of all industrial development in Texas in recent years has been that of aircraft manufacturer.

Farm Bureau Adds 250 New Members

Approximately 250 members have been received into the Milam County Farm Bureau as a result of the recent Membership Drive according to John A. Smith, Jr., 1st vice-president and chairman of the Membership Drive committee. Several communities have not submitted their reports to the Farm Bureau office, and therefore, the complete total could not be compiled. After these communities report, it is hoped that the year's quota will be surpassed.

Mr. and Mrs. S. W. McClaren, Jr. and Mr. Smith attended a meeting of county officers of District 8 in Waco on Monday, October 19. It was reported that all county Membership Drive Committees in District 8 are reporting a good return.

D. H. Byrd Drilling At 6,406 Feet

The D. H. Byrd No. 2 M. Blakely, Milam County wildcat, was drilling at 6,406 feet Friday after recovering mud on a drillstem test in the Glen Rose. A good surface blow had died at the end of the two and one-half-hour test, run at 6,272-372 feet. Recovery was 300 feet of slightly gas cut mut, and bottomhole pressures were 200 to 300 pounds, flowing, and 2,600 pounds, shut-in one hour.

The Milam wildcat is in A. J. Watts survey, northwest of Gause and 3,000 feet southwest of the Byrd No. 1 Lucinda Greene, gas-distillate discovery in the Glen Rose and the Pettit.

Sam Tyson Chapter Of DAV Hosts To Convention Sunday

Region 3, DVA, Sam Tyson Chapter No. 18 was host at their convention held in Cameron, Sunday, October 18, at Ledbetter Park.

State Department Chaplain, Otho Casey of Marlin gave the invocation and was followed by Gene Blake, member of the City Council, who welcomed the visitors. Jack Prescott, local attorney, extended a welcome to visiting delegates on behalf of the American Legion, and spoke on the subject "Unity."

The principal speaker was M. L. Harper, chief of special services from McCloskey Hospital, who discussed "Hospital Activities."

Mrs. Annabel Fehlis, state adjutant gave a report on hospital funds. She was followed by State Department Commander, H. P. Hackney, who briefly discussed DAV and economy of the Veterans Administration.

Following a barbecue dinner the Chapters and Auxiliaries held separate meetings.

Temple Chapter No. 37 invited Region 3 to be their guest at the next Convention to be held in the early spring of 1954.

State Department Officials who attended included: Otho Casey, department chaplain; H. P. Hackney, state commander, of Grand Prairie; Senior vice-commander, Warren B. Fuller of Nacho; Mrs. Jennie Roberts, department auxiliary commander, Mrs. Annabel Fehlis, state adjutant, Mrs. Verna Hamblin, Region 3 commander and Mrs. Virginia Joast of Palestine, Mrs. Joast is 91 years of age and is the oldest auxiliary member in the state.

Ed Pagel Granted $4,000 In Law Suit Case Here

A judgment of $4,000 was granted Ed. O. Pagel of the Yarrellton community in a case against the Bryan Tractor and Implement Co. Saturday Oct. 17 by a 20th district court jury.

The judgment arose out of the sale of a Rust Cotton Picker to Pagel in July of 1951. According to the plaintiff's petition the cotton picker machine did not prove to be satisfactory and he was sueing for the return of the purchase price.

The jury was required to rule on 15 special issues, and deliberated approximately two hours. The judgment of $4,000 was the difference between the purchase price paid for the cotton picker, and what the jury found to be actual value of the machine.

Local council for the parties involved were: Camp and Camp for Ed O. Pagel, and Charles E. Smith, Jr. for Bryan Tractor and Implement Co.

14 Guardsmen Get Promotions

By Lloyd Albertson

Fourteen enlisted men of the local National Guard unit, Battery C, 649th Anti-aircraft Artillery Battalion, received promotions this week, it was announced during the drill period at the Armory Tuesday evening.

Guardsmen getting the additional stripes were listed as follows:

Promoted to Corporal: Pfc. Henry D. Barkemeyer and Billy B. Scott.

Promoted to Private First Class: Pvts. Donald W. Culp, Stanley R. Glaser, Louis J. Hubnik, Joseph D. Kostroun, Louis A. Krenek, James P. Reichert, Curtis Rhodes, Jr., Claudie D. Sanders, James R. Schwarz, Eugene S. Vansa, Marvin B. Weido and Otto G. Zotz, Jr.

Another development during the week was the enlistment of another Guardsman. He was Daniel J. Hromcik, and was sworn in during the drill period the previous week.

$75,000,000 Is 1954 March Of Dimes National Quota

The American people will be asked to contribute $75,000,000 to the 1954 March of Dimes next January, it was disclosed today by Mrs. Cynthia Saage, Milam County March of Dimes Campaign Director.

This sum, Mrs. Saage said, represents almost half again as much as was raised in last Winter's record-breaking appeal, and will be needed in shifting from "defense to attack" in the fight against polio.

"For 16 years," Mrs. Saage added, "the National Foundation for Infantile Paralysis has fought polio through its programs of patient care, research, and professional education. In a sense these were defensive, but now we have added an aggressive new fourth program—POLIO PREVENTION."

These encouraging developments were revealed during a two-day regional pro-campaign meeting of March of Dimes chairmen and leaders, held in Dallas, Texas, in which Mrs. Saage participated.

"After years of exhaustive research," Mrs. Saage said, "now have gamma globulin, a temporary detorrent to paralytic polio. It was put to use this past Summer in man's first attempt to alter the course of a polio epidemic. But GG is only a holding action.

"Our highest hopes lie in an experimental vaccine which other March of Dimes reseahrcers have developed. Extnsive tests for this promising new substance are planned to determine if it will provide long-lasting immunity to infantile paralysis."

"Greatest need for the immediate future is money to continue this advance in polio prevention. At the time we must have funds to provide the best of medical care for everyone who is stricken," Mrs. Saage said.

"We stand on the threshold of the greatest xictory ever achieved against infantile paralysis. We will try to enter the door in '54. So we have made our slogan for the drive 'More in 54' "—Joseph F. Nee of New York City, National Director of Fund Raising for the March of Dimes, told the volunteer campaign leaders.

The great result of the 1953 drive—a new record of $51,000,000—not only provided care for the thousands of polio patients but made possible the wide-spread innoculations of Gamma Globulin during the epidemics of the past Summer, Mr. Nee said.

New polio cases, fortunately, have decreased this year from the all-time high of 1952. It was es-

1954 Quota Of $5,000 Set For Cameron Community Chest Drive

A group of local citizens met with Bill Burns, chairman, Cameron Community Chest, at 5:00 p. m. Tuesday at the Chamber of Commerce office.

Plans for the coming Community Chest campaign were discussed. A quota of $5,900 has been set for Cameron. The total broken down will be distributed as follows: Boy Scouts, $1,200; Girl Scouts, $1,200; Welfare, $1,500; Milk, $540; Hospitalization, $500; and Emergency, $60.

A meeting was held Wednesday afternoon at 4:30, at thee Episcopal Parish House where further plans for the drive were made. It was found that more workers are needed. Those who want to help should call 101 and offer their services.

Attending the Tuesday meeting besides Mr. Burns were, W. T. Hanes, Mrs. W. O. Triggs, Danna Kestenbaum, Gene Blake, Albert Collins, Richard Moseley, Henry Siebman, Rev. Jim McKeown and R. C. Ables.

September Report Of Milam Health Unit Released

The narrative report of the Milam County Health Unit was released for the month of September by the new director, Dr. John B. Bryson.

The new director recently accepted the position, and has spent most of the time getting acquainted with Milam County and its citizens.

Dr. Bryson reported that the two new cases of typhoid have prompted more intensive investigation for the sources of the outbreak in Milam County.

One case of paralytic poliomyelitis was reported from Rockdale. Gamma Globulin was given to eleven household and other close contacts of the patient.

Plans are being made by the Health Unit for school immunizations, which will be done during the next few months.

Dr. Bryson announced that an open house will be given by the Health Unit for the Commissioner's Court, School Superintendent and the landlord for their efforts in repainting and repairing the building and furniture.

Visitors to the Health Unit during the month of September were: Kenneth C. Lauderdale, district engineer, Houston; James E. Poore, A&M Extension Service, College Station; Mrs. Nell Faulkner, clerical supervisor, State Health Dept., Austin; Miss Imogene Smith, public health nursing consultant (Orthopedics) State Health Dept., Austin; and John B. Doss, V. D. Investigator.

A regular routine inspection of food and other establishments were made during the month of September. A number of schools in the rural area were visited by the sanitarian. The cafeterias were checked and water supplies and sewage facilities were inspected. Some water supplies were treated and samples submitted for analysis.

The sanitarian accompanied

Ben Reichert, Milton Brown, Jr. Announce Purchase Of Enterprise By Herald

(By Ben and Iva Reichert)

We wish to announce the sale of the Cameron Enterprise to Milton F. Brown, Jr., owner and publisher of the Cameron Herald. At noon Monday the sale of the historic old Cameron Enterprise, which, without fanfare, observed its fiftieth anniversary several months ago, was completed. Plans, which were well underway for a gigantic Golden Anniversary edition were brushed aside by an August 16 fire which left the physical plant in ruins.

The Enterprise has been continuously published here by the Enterprise Publishing Co. of Cameron, Tex., Inc., a corporation formed by a group of leading citizens of Cameron and continued by them or their families through good years and bad years until the present time. Since the fire, the presses of neighboring publishers were generously loaned for this publication. Eight issues were printed by the Rockdale Reporter, and the last one, by the Cameron Herald, and for these courtesies we are deeply grateful.

The goodwill sale to Mr. Brown involves the total Enterprise subscription list; our advertising schedules, local and national; and our agreement to not engage in any type of newspaper or commercial printing work in Milam county for five years, beginning as of Monday, Oct. 19. All paid-in-advance subscribers to the Enterprise, hereafter will receive the Cameron Herald, thus giving each reader a Cameron newspaper for the tenure of his paid subscription. In instances where paid readers are subscribers to both papers, the Enterprise credit will be added to the Herald credit. As an illustration: If you have six months more credit with the Enterprise and six more with the Herald, your subscription credit with the Herald will be marked up to 12 months.

We have tried earnestly during the last week to get our mailing list complete before submitting it to Mr. Brown. Because of fire and water damage and because of the confusion which followed, it is possible that a few subscription renewals were not given proper credit. If there should be such an instance, please advise Mr. Brown or us and your renewal will be cheerfully entered. As of Monday noon past, money for renewals belongs to the Herald. All advertisements and print jobs hereafter brought to us will be referred to that newspaper. All accounts due the Enterprise, except subscribtion are still the property of the Reicherts.

It is with mixed emotions that we, as editor-manager, and as associate editor, pass along news of the sale to our friends and faithful readers. On May 1, 1929, the controlling interest of the Enterprise was sold to Ben Reichert by Wm. Cobb, now deceased, and only a few months later, Mrs. Reichert, then Iva Wilson, joined the editorial staff. Business was slow in those days and the veteran printers here said, "This is cotton country and Cameron is a Fall town. Business will be good when the cotton comes in." Unfortunately, the worms ate the cotton that year and by the following year, the word "depression" made headlines in newspapers the world 'round. We weathered the depression with your help, also the war days when merchandise was rationed and advertising, scant.

There were good days along with the bad and our longtime business career and residence here have been genuinely enjoyed Looking back over the years, we can say truthfully that the good far outweighed the bad, and our satisfaction at having been able to serve you in various ways has been one of our chief pleasures in life. We like to think that we have many wonderful friendships among our readers, advertisers, correspondents, employees, and others. Cameron always will be home no matter where we may roam.

It is obvious that one newspaper in a town can employ a stronger staff than when the revenue is divided. Both Cameron papers always have been understaffed and, hence, the hours of work have been long and hard. Realizing the physical strain of starting the Enterprise anew, looking back at those days and nights of arduous labor, bearing in mind the scarcity of skilled workers, and believing that one newspaper can serve best for most concerned, we reached a decision after a long struggle of heartaches. It is painful, of course, to say that the Enterprise, as a separate newspaper, shall be no more, and to say further that our own plans for the future are indefinite.

Both of us and our two wonderful boys were born in Match-

Yoe High School Sets Homecoming Date For Nov. 6

The football game between the Cameron Yoemen and the Georgetown Eagles on November 6 has been designated as the Homecoming Game.

The Seniors of Yoe High extend an invitation to the Exes of Yoe High School to attend the game. After the game they are invited to the Homemaking Department for coffee and to chat with old friends.

During the day the faculty and students want the Exes to feel free to visit classes and take part in the daily school activities.

Ideal Hatchery And Poultry Farm Takes Top Honors at Fair

The Ideal Hatchery and Poultry Farm in Cameron took top honors at the State Fair of Texas in Dallas.

The Hatchery exhibit four pens of White Leghorns in the Breeding Chicken Show Division and received 1, 3, 7 and 8 places. This group was judged as the Best Breeder Display of the entire show, for which a Trophy was received.

The pen winning first place was also judged Reserve Grand Champion Exhibit of the show and a banner was awarded.

Ideal also entered four pens of New Hampshire Reds in this division and received ribbons for second, third, fourth and fifth place.

In the Egg Production Flock Division, Ideal exhibited two pens of four hens each. These birds were selected for top egg production. Ideal placed first and fifth in this division.

The first place pen was also judged Champion Egg Production Exhibit for which Ideal received a trophy.

Ideal Hatchery also displayed the Reserve Grand Champion pen in the Senior Egg Production Flock Division, and placed third in the Best Breeder or Hatchery Display.

The exhibits this year were reported better with more and stiffer competition.

Survey Shows Four Out Of Every 100 Cars Inspected

Automobile Safety inspection stations in this area are going to be jammed unless motorists begin having their vehicles inspected within the next few weeks.

This warning was issued this week in Austin by G. C. Morris, executive director of the Highday Safety Council. He said a cross-section survey of inspection stations, including those in this area, indicated only four cars of every hundred has been inspected.

The inspection period, under the new law, began Sept. 15 and will end April 15.

There are more than 3,000,000 vehicles to be inspected, and during the first 30 days of the seven-months period only a fraction of that number, roughly 125,000, were checked, Morris said. The proportion of cars inspected in this area is about the same as statewide, he said.

Drought-Stricken Areas Get Aid From Western Railroad

Western railroads have agreed to extend further aid to the drought-stricken livestock industry of the southwest.

Harry C. Barron, chairman of the executive committee of the Western Traffic Association, announced that the western lines would,

1. Reduce freight rates 50 per cent on hay shipped from western territory to the drought areas of Missouri and other southwestern states;

2. Grant a further extension, to November 16, of the 50 per cent reduction made effective last July 1 on livestock feed in general from western territory to the drought areas.

Barron said these actions were taken at the urgent request of Secretary of Agriculture Benson and officials of the drought states.

The principal movement of hay is expected to be from South Dakota, Minnesota and Wisconsin and other states in which surpluses have been reported.

"While corn, wheat, oats, cotton seed meal, etc., have moved in heavy volume under the relief rates," Barron said, "there has been little hay movement.

"Rate reductions on traffic actually moved to drought areas have aggregated more than $4,000,000 since July 1. The savings to the distressed livestock industry are currently amounting to more than a quarter million dollars a week.

"In addition, livestock producers have been granted free return movement of their herds to drought areas from which they have been shipped for pasturage and feeding."

McCloskey Adds Forty-Two New Beds to Hospital

McCloskey VA hospital made available 42 new beds this week, only 18 beds away from their goal of the 91-bed expansion program. Twenty-seven beds were added in September, according to C. W. Wadsworth, assistant manager. On completion of the program, the hospital will have a capacity of 799 beds.

Seventy-nine patients are already awaiting admittance, and it is expected that the new beds will be filled within a week or ten days.

The activation will open 26 medical and 20 surgical beds. Eight of the surgical spaces will be used for physical medical rehabilitation. Patients for these spots will be moved from other parts of the hospital.

Mr. Wadsworth said that 42 of the 79 veterans awaiting treatment are medical service patients.

The 20 surgical beds added are part of a total of 38 planned for completion of the expansion program. The remaining 18 will be opened at a later date and a surgeon will be added to the staff, Mr. Wadsworth said.

2 Cameron Men Take Part In Falcon Dam Dedication Today

Taking part in the Falcon Dam dedication today are two Cameron men, Pvt. Andy Raymond and Pvt. Thomas Dusek. Raymond, the son of Mr. and Mrs. Andrew Raymond, is with the Infantry Division at Fort Hood. Dusek, the son of Mrs. Joe Dusek, is with the First Armored Division Band at Fort Hood.

The ceremonies at Falcon Dam began at 2 p. m. this afternoon.

President Dwight D. Eisenhower and President Adolf Ruiz Cortines of Mexico joined to dedicate the new $55,000,000 Dam across the Rio Grande which will supply water and electricity to both sides of the international river.

Both Presidents were scheduled to speak at the dedication from a special platform erected at the boundary line between the two nations which jointly constructed the huge water and power project.

Byrd Testing East Milam Wildcat

The tool had plugged partially on the first drillstem test in the Glen Rose and a second test was being run Thursday on the D. H. Byrd No. 2 M. Blakely, wildcat in the east part of Milam County.

The wildcat had been cored from 6,312-62 feet, and a two-hour test was run at 6,297-362 feet. There was a strong blow immediately, but it died in an hour and 20 minutes. Recovery was 300 feet of mud.

The Blakely is about 3,000 feet southeast of the Byrd No. 1 Lucinda Greene, dual gas-distillate discovery in the Glen Rose, and in the upper Pettit, at 7,680-7,000 feet. The Greene is the only major producer in Milam County, and is two and half miles northwest of Gause.

District 23-AA Football Roundup

The Belton Tigers established themselves as the team to beat in District 23-AA by outclassing the McGregor Bulldogs 20-7 last night in Belton. The Tigers showed power, lined with speed as they tore up the Bulldogs and racked up 236 yards rushing to McGregor's 188. The Tigers had 16 first down to the Bulldog's 8.

Rosebud declared themselves the Falls County champ last night by edging Marlin, 17-6. The Rosebud eleven worked hard, and finally came through with a victory.

The Georgetown Eagles were whipped by the Brenham Cubs last night in Brenham, 39-20. Both teams played hard football, but Brenham came out of the deal with the upper birth.

The Taylor Ducks were miserably beaten again last night, by the Waco Tech Trojans, 42-0. Tech ate up 209 yards rushing to Taylor's 18. The Waco team outclassed the Ducks with 15 first downs to 5 for Taylor.

Next week's schedule finds the teams clashing in District games, with the Yoemen matching the Ducks at Taylor. Belton goes to Rosebud while Georgetown looks on with an open date.

Also an interest to local fans is the 20-6 beating Rockdale took from Hearne last night. It was District 22-A game for the teams.

Here-to-fore unbeaten LaVega was topped by an inspired bunch of Bulldogs from Hamilton, 9-7, last night in Waco.

One of the most prolifice and valuable of game birds is the widely distributed dove.

Lieut. James Petty Completes 11 Week Training Course

Second Lieutenant James E. Petty, son of Mr. and Mrs. J. A. Petty of Route 2, Cameron, has completed a 11 week course at Fort Benning, Georgia.

Purpose of this 11 week course is to provide training for newly commissioned officers who have not served with troops. It is designed to thoroughly indoctrinate the officer with his responsibilities and tasks as an Infantry Unit Commander.

It is one of 21 courses at The Infantry School open to officers and enlisted men of the Regular Army, Organized Reserve Corps and National Guard. Courses range from training regimental commanders and division general staff officers to training recruits to be parachutists.

Lieut. Petty attended the O. J. Thomas High School and graduated in 1949 as an Honor Student. He participated in all sports and was outstanding in basketball, holding the high point honor for two years in the state.

Petty enrolled in Prairie View College and graduated in 1953 with a BS in Physical Education. He was an outstanding, all-around student in college and participated in the sports program there. Petty also was active in the musical activities of the college.

He is a member of the Phi Beta Sigma Fraternity and was the runner up for "Most Popular" at Prairie View.

After a short leave recently, Lieut. Petty is now stationed at Camp Polk, La.

THE LITTLE RIVER PHILOSOPHER WANTS SCIENCE TO DEVELOP CHEMICAL TO MAKE WEEDS TASTE GOOD TO COWS

Editor's note: The Little River Philosopher on his Johnson grass farm at Marlow has a passably good idea this week, but we don't look for anything to come of it.

Dear editar:

I know that scientists are pretty busy these days, one set workin on makin the hydrogen bomb more deadly, another set workin on mankin it less; others workin on higher octaine gasoline to make cars run faster, others workin on ways of slowin motorists down; one group workin on better bomb-proof shelters, another on guided missiles that'll penetrate the same shelters; but I was wonderin why some scientists don't spent a little more time workin on a problem I have in mind.

I have about given up hopes of the experts workin out a breed of cattle that can thrive on weeds and thistles, but I have not given up the weeds and thistles.

It doesn't seem to make any difference how dry it gets, weeds and thistles keep right on growin. They seem to have a secret of bein at home on this earth, repordless of the weather, and I would like to see some scientist get to work on them.

What I want that scientist to do is figure out a chemical you can spray on weeds and thistles to make them taste good to a cow.

I was talkin to a cattleman the other day and he said he at least had the satisfaction of knowin his cows were paid for, but another one ruined his day by pointin out a paid-for cow can be a liability the same as a mortgaged one, on account of they won't last more than a few days without something to eat. With a cow worth 6 cents a pound, and hay 1 cent a pound, anybody can figure how small a haystack she has to eat before she's eaten her worth in feed, and two days after she finishes she'll still be as hungry as she was when she started.

So instead of scientists workin on a chemical you can spray on weeds to kill 'em, I'd like to have one you can spray on, on the same principle of salad dressin on lettuce, and the cows will go for em.

I don't know what the nutrition count on a weed is, but it gets the same sunshine and grows out of the same earth cultivated plants do and I notice cattle will eat 'em when they're young and tender. Seems to me there ought to be a chemical maybe, left over as a by-product from an atom bomb or a nylon dress which scientists could use to spray on weeds and make them come out as desirable as a green salad. People are always talkin about feedin new grasses, but I'd rather figure out a way to use the stuff we already got.

I just noticed one of my cows finishin off 15 cents worth of hay.

Yours faithfully,
J. A.

Something really Special -in power, room, ride, price

WE picture here a car that keeps our order book pages turning quicker than quick.

It is the 1953 Buick SPECIAL 4-Door Sedan—the bargain value that doesn't stay long on our showroom floor.

For this is the best-selling Buick in the land—snapped up by eager buyers who know something really special when they see it.

For your information, we present some SPECIAL facts.

It has a Fireball 8 Engine with the highest power and compression ratio ever placed in a Buick SPECIAL—plus, if you wish, the instant getaway response and utter smoothness of Twin-Turbine Dynaflow.*

It has easy-sitting-room for six adults—as much room as you'll find in cars costing hundreds of dollars more.

It has a ride unique among automobiles. The Buick Million Dollar Ride. The soft and steady and ever-level ride that comes of coil springs on all *four* wheels—a full-length torque-tube drive—a massive X-braced frame—a solid and substantial roadweight poised with meticulous balance on broadly spaced wheels.

But what makes the Buick SPECIAL so extra special is the low delivered price it carries.

It is a price just an easy step above the so-called "low-price three"—and a price that gives you more room and power and ride-comfort for your money than you get in any other car, except another Buick.

Wouldn't *you* like to see, sit in and drive one of these great-powered Buicks – look into its beauty, its luxury, its handling ease—and judge for yourself how small a price tag it wears?

Phone us this week, or drop in. We'll be happy to arrange a demonstration.

Mr. and Mrs. Marak Celebrate Golden Wedding Anniversary

Mr. and Mrs. John Marak, Sr. of Marak, celebrated their Golden Wedding Anniversary, September 5, 1953, at 10:00 a. m. at SS Cyril and Methodius Church at Marak.

During the service Rev. Leonard Kansinki, Rev. Jerome Tydlocka and Rev. George Tydlocka officiated. After the service a reception was held at the Parish Hall, where approximately one hundred and fifty attended. Among their guests were their children and grandchildren. Also other relatives, friends and neighbors came to extend best wishes for the prominent and well loved couple. One daughter, Margaret of San Antonio is not shown in the picture.

Among those attending were Mr. Marak's brothers and sisters, Roman Marak of Seymour; Emil Marak and August Marak of Bomarton; Mat Marak of Granger; Mrs. Sophie Kohut and Mrs. Hattie Pavlicek of Bomarton. Mrs. Mary Macha of Bomarton was unable to attend.

Mr. and Mrs. Marak were married in West (Station), Texas, where they only lived for a few years and moved to Bomarton. From there they moved to Marak forty years ago where they have since made their home.

They are among the oldest settlers of the Marak community, and have been active and instrumental in the progress and growth of the community, which is one of the most thriving and active communities in Central Texas. Mr. and Mrs. Marak have a large circle of friends who love and regard them with the highest esteem.

"Bigger pies, not smaller slices"

We ran across a new word the other day..."*demographer.*" That's a research man who studies statistics on births, deaths, populations.

Well, it seems the United States will have 20 million more people aboard by 1960, or thereabouts. Logical enough. We gained 20 million people in the forties.

Bigger pies are the order of the day. In the electrical industry, for instance, men with sharp pencils have figured that demand for electric power will have doubled during the decade ending in 1960. More power equipment is therefore needed. More electrical machinery for industry.

And better pies. Americans insist on better products, year by year. Somebody has to pioneer things. Looking ahead for five, ten, fifteen years—creating new and better products and improving old ones—that is the business of General Electric. For seventy-five years progress has been our most important product.

The babies who come into the world today won't want smaller slices of the world's goods and opportunities. Or even the same slice. They'll want more. Wait and see. Nothing less is worth planning for by the people who must organize for the future. It's no job for pessimists.

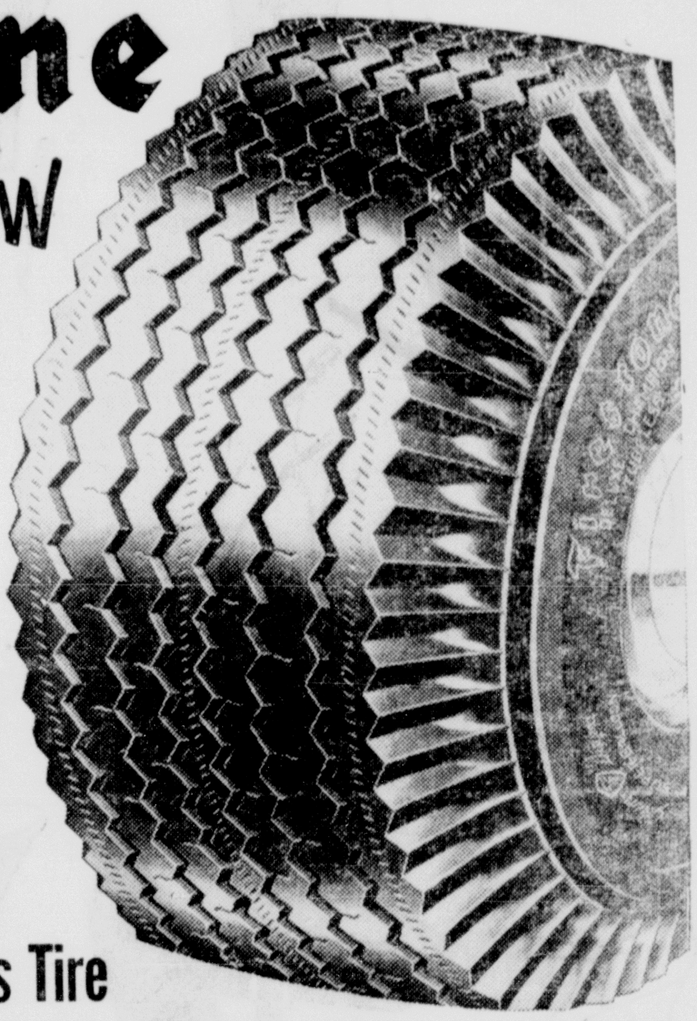
Firestone Announces a New TUBELESS TIRE AT A NEW LOW PRICE

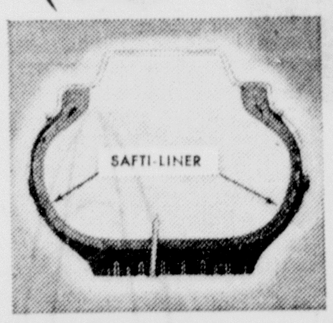


The New Firestone De Luxe Champion Tubeless Tire with the Patented SAFTI-LINER THAT PROTECTS AGAINST

(BLOWOUTS)

Here is a tire with new principles of design and construction which protects you against dangerous blowouts. In this new safety tire, the tube is replaced by an air-tight butyl Safti-Liner that's bonded to the inside of the tire. No tube to pinch, tear or suddenly explode when injury to the tire body occurs. Air loss is so gradual there is ample time for safe, sure stops.

(PUNCTURES)

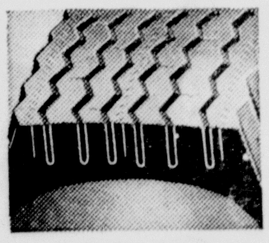


Here is a tire that gives you protection against punctures. No more roadside delays in dangerous traffic, because the air-tight butyl Safti-Liner that's bonded to the inside of the tire clings to penetrating nails and sharp objects, prevents loss of air, and enables you to finish your trip without changing tires.

In Addition, the Firestone De Luxe Champion Tubeless Tire Gives You These Features for Added Safety and Comfort

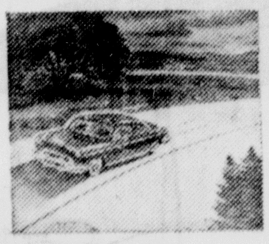
Safer High Speed Driving

Incorporating racing tire construction features, this new tire passes the most rigid requirements of today's high speed driving.



Extra Safe Traction

Scientifically designed tread, with thousands of sharp angles, skid resisters and traction boosters gives you more safe non-skid protection.



Longer Wearing

Specially-compounded, new-formula Cold Rubber tread, with improved design, resists abrasion and gives you more safe miles.

Improved Riding Comfort

New, softer rubber compounds and greater tread flexibility give you the ultimate in riding comfort and steering ease.

EXTRA LIBERAL TRADE-IN ALLOWANCE FOR YOUR PRESENT TIRES AND TUBES — LIBERAL TERMS

Miss Joyce Brown Becomes Bride Of Sgt. Jack Terhune

Miss Joyce Brown of Cameron was married to Staff Sergeant Jack Terhune of Amarillo Air Force Base on Thursday afternoon, October 15, in Cameron.

Miss Brown is the daughter of Mr. and Mrs. Lloyd Brown of Cameron. Sgt. Terhune is the son of C. J. Terhune of Springfield, Missouri.

Soon after the ceremony, the couple left for Amarillo, Texas where Sgt. Terhune is stationed.

Supper Party Given For Carol McKeown

In honor of Carol McKeown's ninth birthday anniversary, Mrs. James McKeown, her mother, gave a supper party on Monday evening of last week. Favors were tiny dolls. The girls dressed these dolls in a contest, which was won by Pat Rutherford.

The pretty birthday cake topped with nine candles centered the table which was covered with a pink cloth. A salad and sandwich course was followed by ice cream and the birthday cake.

Places were laid for Janis Crittenden, Ann Bowman, Jean Lester, Pam Green, Suzanne Lippman, Betty Kestenbaum, Pat Rutherford and the honoree.

Kenneth C. Lauderdale, district engineer of the Houston office, on an inspection tour of the Thorndale Municipal water supply.

James E. Poore of the extension service of A&M College, visited the unit and plans were made with him for a county wide rodent control program for the farms and ranches in Milam County. This program is sponsored jointly by the County Agent, the Milam County Farm Bureau, the local Health Unit and the Fish and Wild Life Service of Texas A&M College. The campaigns in the past have been very effective.

The Sanitarian worked with J. B. Doss, V. B. Investigator from the State Health Department in September.

The staff personnel of the Milam County Health Unit included Dr. John B. Bryson, director; Miss Hortense Nabours, clerk; Mrs. Billie Gleason, nurse; and D. S. Wimberly, sanitarian.

MARCH OF DIMES

(Continued from Page 1)

timated, however, that 66,000 polio patients of this and former years will be receiving financial aid from chapters of the National Foundation for Infantile Paralysis by the end of 1953.

Those attending the conference will begin at once to build their organizations and get ready for the fund raising campaign during the month of January. One feature of this will be a "Mother's March on Polio" which is expected to more than double the number of 7,500,000 mothers who participated last year.

The 200 delegates attending the conference represented the states of Western Arkansas, Oklahoma, and Northern Texas. Sessions were held at the Baker Hotel.

Other speakers on the program with Director Nee included Burr Gibson of New York, assistant director; James T. Eddington of Grand Island, Nebr., assistant to director; Mrs. Beatrice Wright of New York, assistant director of women's activities; Tom Wrigley of Washington, D. C., public-relations field consultant; and Dr. Henry A. Press of San Francisco, regional medical consultant.

less Milam County and all of us love every grain of its soil and its people. We have not yet made up our minds to leave Cameron: At least, we shall be here several weeks and busy disposing of printing equipment and supplies and in separating and straightening old records, files, books, etc. Thereafter, we shall go forth with courage and faith, even though that courage and faith may not be as great as expressed by son, David, as he watched the Yankee-Dodger world series in a news reel, and enthusiastically said: "When I grow up, I'm going to play baseball for the Dodgers and beat the Yankees; but, before that, I'm going to play football to show them around here how to play."

We want to wish for you, our friends, and for the new owner of the Cameron Enterprise, a cordial relationship and happy, pleasant days ahead.

Two Persons Hurt In Two-Car Crash Friday Afternoon

Two persons were slightly injured here Friday afternoon in a two-car collision.

Mrs. Jackie Clement, driver of one of the cars, suffered cuts on the back and hip. She was not hospitalized.

Elmer Salsbury, a passenger in a car driven by E. A. Vanzandt of Rockdale, suffered head lacerations. He was treated at St. Edward hospital.

The cars collided as Mrs. Clement was crossing the Waco highway at 21st Street. She was going east. The car driven by Mr. Vanzandt was traveling south on the highway, Policeman J. M. Terry reported. The Vanzandt car hit the left side of Mrs. Clement's car, throwing her out the right door to the pavement.

Damage to both cars was estimated at $500, Mr. Terry said.

Mrs. Clements is secretary to the superintendent of schools here.

GO TO THE CHURCH OF YOUR CHOICE NEXT SUNDAY

Mr. and Mrs. Adolph Kuba and baby daughter, Irene visited friends here last week and Mr. Kuba transacted business while here.

Mrs. Jeff T. Kemp left Sunday for Houston where she will spend several days with Mrs. Rosa Kemp Adams. She will leave Houston by plane Friday afternoon for Washington, D. C. where she will visit her daughter, Mr. and Mrs. Bill Brown.

The coyote, great in number, is the most destructible of all Texas predators.

Mrs. N. Cook underwent medical treatment in St. Edward Hospital this week.

T-Sgt. Eugene Smitherman of Fort Worth spent the weekend in Cameron visiting friends.
